

## *TransAm slot car race sponsor list*

Complete sponsor list for the Miniature TransAm Challenge slot car race to be held October 18-19, 2013 at LeMay – America’s Car Museum, located in downtown Tacoma, Washington.

[Griot's Garage](#), located in Tacoma, Washington, produces and markets an exclusive line of ultra-high-quality professional grade car care products. It is the museum's official car care products provider and has partnered with it on many events and ongoing programs. Each race entrant will receive a bottle of Griot's wheel cleaner and there will also be a prize for the winner of each of the event's two racing classes. Griot's garage recognizes that slot car enthusiasts also are full-sized car enthusiasts and is pleased to be a part of ACM's initial slot car event.

Hornby America, the US division of Hornby Hobbies, manufacturer of Scalextric slot cars as well as several other hobby product lines, will present a Scalextric race set to each class winner and Scalextric cars to the second and third-place finishers. Hornby will also award a Scalextric slot car to each class winner in the mail-in division of the event. Hornby America will also support the event by providing the use, as may be needed, of track components and other equipment for the conduct of the race. Scalextric is one of the two brands of slot cars competing in the event.

Pioneer Models, whose cars are also competing in the event, has for each class winner a long out-of-production and highly collectible Steve McQueen Bullitt Dodge Charger slot car. Pioneer will also present cars to the second through fourth place finishers and also to the highest-finishing mail-in entry in each class. There will be additional prize items from Pioneer for the 5th through 8th place finishers in each class.

[Electric Dreams](http://www.electricdreams.com), offering convenient on-line shopping and a vast inventory of slot cars, race sets, parts, accessories, and supplies, has put up cash contingency prizes in each of the two classes of \$30 to win, \$20 for second place, and \$10 for third place. To qualify, entrants must carry Electric Dreams logo and URL decals, which will be available at the race or via the Electric Dreams web site at [www.electricdreams.com](http://www.electricdreams.com) or (310)676-7600. The Electric Dream Team has also provided invaluable expertise and a great many hours of time and effort in the design and planning of this event.

[Innovative Hobby Supply](http://www.innovativehobby.com) manufactures a range of products for hobbyists of many kinds, including slot car racers, and will be supporting the LeMay TransAm event by providing race prizes from its various hobby product lines.

Lighthouse Christian Center, of Puyallup, Washington, is providing one of the two Scalextric Sport slot car tracks for the LeMay TransAm race. What kind of a church has a slot car track? Find out more about Lighthouse at [www.lighthousehome.org](http://www.lighthousehome.org).

Professor Motor, a leading manufacturer and distributor of slot car products, including [Professor Motor Controllers](#) and [Maxxtrac Tires](#), is supplying the controllers to be used on the two tracks for the event and also providing the spec tires all the cars will be required to use. Professor Motor also manufactures the controllers used on ACM's Slotmods slot car track, part of the museum's Fun Zone.

[132 Slotcar](#) is located in University Place, Washington, just minutes from ACM, and carries a full selection of slot cars, parts, tracks, and accessories for slot car hobbyists. The shop also has an in-house track and offers car and track time rentals as well as a schedule of organized racing events. 132 Slotcar is supporting ACM Miniature TransAm Challenge by providing one of the two Scalextric Sport tracks for the event as well as the timing and scoring system and the race director, none other than 132 Slotcar's owner, Alan Smith, widely recognized as a one of the best slot car race directors in the US.
